

The False Cause Fallacy (*Master*)

This is a section where you can take notes for vocabulary.

After understanding the fallacy, please write down your own version of examples for the 4 conditions.

1. The former caused the latter:

2. Correlated by coincidence:

3. Latter caused former:

4. Common underlying cause:

And you can draw the mind map down here:

~~I like you very much, you're so masterful!~~
